TOWNHOUSES

BY **QUBE**

YOU'RE ALL CONNECTED

Axis is a place where good things meet.

Located on the border of Floreat and Churchlands, you can divide your time between the CBD and the beach, enjoy both inner-city living and expansive natural parklands, find plenty of places to exercise and discover favourite spots to recharge, catch up with family and friends or find some 'me' time - all just metres or minutes away.

Axis is the perfect place to feel connected to the best things in life.

WHERE LIFESTYLE MEETS LUXURY

Axis promises the modern convenience of townhouse living with the space and features you want in a new home.

These stunning architecturally designed, three and four-bedroom residences, are filled with light and high-end features. European appliances in the kitchen are matched in quality and style throughout the spacious living spaces, that seamlessly transition to outdoor areas.

Built to the standards you'd expect from Qube, Axis gives you all you need, in a location that offers everything.

LIFE REVOLVES AROUND AXIS

Axis is a new inner-city style boutique living development, that will put you and your family in the middle of everything you need, to get what you want out of life.

Very few places in Perth that can boast such convenient proximity to so much choice. There's something for everyone here, and you certainly don't have to go far to find what you're looking for. But if you do need to go a little further afield, the nearby freeway and train lines make it easy.

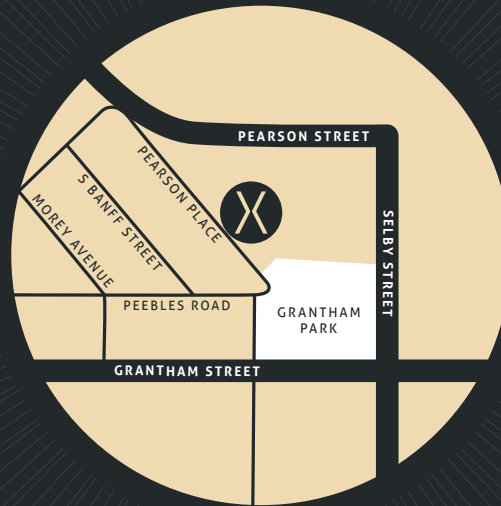

AXIS. THE PERFECT
UNION OF DESIGN
AND LIFESTYLE.

*After twenty-five years of success,
we're built to be recommended.*

At QUBE, we build more than land, apartments and commercial property developments. We build long-term relationships. We build trust and respect. Most importantly, we build master-planned communities and boutique estates where people can live and grow. As a proudly Western Australian company, we're committed to delivering our vision for a brighter future. We're committed to high standards. We're committed to quality. Backed by 25 years of experience and success, our developments are built to stand the test of time.

Built to be innovative.
